

## The Clara Brian Frazer Memorial Endowed Scholarship

Clara Brian Frazer received her education at Wayland Baptist College in 1919. Though she spent only a short time at Wayland, it sparked a love for learning that lasted a lifetime. With that love also came a desire to help others develop their potential.

She went on to complete her B.S. degree at West Texas State College. She served as an educator in New Mexico, Idaho, and Washington. She earned her Master's degree in Administration from the University of Washington.

Mrs. Frazer served as Dean of Women for the Northern Branch of the University of Montana. Her final move was to Santa Monica, California where in 1953, she joined the staff of Santa Monica City College as Dean of Student Activities.

After retiring, she and her husband, Judge John S. Frazer, a retired Supreme Court Judge of California, enjoyed traveling throughout the world.

Though living most of her life in California, she loved the Texas Panhandle where her beloved family lived. She was very attentive to her large family and her many nieces and nephews.

Clara Brian Frazer passed away in 1994, and this scholarship is given in her honor and memory by her devoted nieces and nephews.
