

The Vigo Park Endowed Scholarship

Vigo Park Baptist Church has long been an outstanding contributor to the higher education of many fine Christian students through their loyal support of Wayland Baptist University. The Living Endowment program allows congregations whose ministry responsibilities prohibit the establishment of an endowed scholarship to accomplish the same results by providing annual gifts that would be the same as the earnings from endowments. The \$300 annual scholarship established through this agreement by Vigo Park Baptist Church provides the same funding for a ministerial student as a \$6,000 endowed fund. The students, trustees, faculty, and administration of Wayland Baptist University are deeply grateful for the commitment of Vigo Park Baptists to the shared task of educating tomorrow's congregational leaders in the Texas South Plains.
