Attendance Requirements External Campuses

Students enrolled at one of the university's external campuses should make every effort to attend all class meetings. All absences must be explained to the instructor, who will then determine whether the omitted work may be made up. When a student reaches that number of absences considered by the instructor to be excessive, the instructor will so advise the student and file an unsatisfactory progress report with the external campus executive director/dean. Any student who misses 25 percent or more of the regularly scheduled class meetings may receive a grade of F in the course. Additional attendance policies for each course, as defined by the instructor in the course syllabus, are considered a part of the university's attendance policy.

(WBU Hawaii/American Samoa Addendum) Students who miss the first-class meeting without providing a written explanation to the instructor will be automatically dropped from the roster as a "no-show." Students who know in advance that they will be absent from the first-class meeting and who wish to remain in the class must inform the instructor in order to discuss possible arrangements for making up absences.

The student is responsible for turning in all required assignments. If a student misses a class when an exam is given, arrangements must be made by the student with the professor to take the exam. Tardies and/or early departures will also count towards an individual's attendance record.

Academic Honesty (Plagiarism): University students are expected to conduct themselves according to the highest standards of academic honesty. Academic misconduct for which a student is subject to penalty includes all forms of cheating, such as illicit possession of examinations or examination materials, forgery, or plagiarism. (Plagiarism is the presentation of the work of another as one's own work.) It is the student's responsibility to be familiar with penalties associated with plagiarism stated in
